MANY ROADSMEN OF ANOTHER JUVENILE STATE TO ATTEND COMING MEET

BY POLICE

Letters Arriving Every Day Promise That Writers Will Be Present; Indications Are Good for Record Crowd.

From all over the state letters assuring attendance at the state good roads meeting August 2, 3 and 4 are coming in to the local offices of the Good Roads association in great numbers. The letters of course are of many types but the following from Dr. C. G. Duncan, chairman of the Socorro county road board, is a fair sample:

"My Dear Sir: Your letter of date of July 15th at hand. I believe that the approaching good roads meeting, to be held at Albuquerque on August 2, 3 and 4, will be a good meeting; that is, if there is anything in push, as you say, as secretary are doing.

"Your plea for money was so convincing that any man with ordinary common sense cannot resist it.

"I am enclosing my check for the \$1 asked and would gladly make this ten times as much for the good cause were it not that I have just returned from the coast, and you know just what that means in a financial way, particularly when the trip has been somewhat extended."

"I have decided not to remain in the dust which you will raise to such an extent that it will reach as far down as Socorro, but expect to be with you during the meeting."

All in all, it looks like the attendance at this meeting will be the largest at any good roads meeting ever held in the state. The "business" has taken hold and it seems likely that those attending will enter upon the meeting with more genuine determination and more progress in accomplishing something than has been the case at any good roads meetings of years back. If this is the case, it is likely that the association will accomplish more even than its promoters expect.

Although the money is coming in for annual dues in a steady flow the stream is a small one and up to date the association has not kept up with its expenses. All members are therefore being urged to hand in their annual dues of \$1 as soon as possible.

A plan which has been proposed but would be devoid of any feeling of strangeness or formality, and would in fact accomplish some of the work which a trade excursion would accomplish, provided it is a success. The cost would be small and it is urged that as this would be an informal luncheon and not a banquet, those of the visitors who attended might very properly pay for their own luncheon. There is some opposition to this scheme, however, on this very ground because in a certain proportion of the local people feel it their duty to act as hosts if such a luncheon takes place. However, if this luncheon does take place, it is expected to be a valuable producer of good roads meeting. Plans for the meeting continue to work out well and annual dues and notices of intention to attend are coming in from widely divergent sections. A special effort will be made this week to enlarge the attendance because it is felt by the good roads people that little can be accomplished without a large, representative, enthusiastic body of men being present.

The police here are told that Nathan had been seen with a ten dollar bill. He denied it at first, but the men he told Chief McMillin that a woman gave him the ten dollars to pay her rent and she spent it. The woman, he said, has since moved away. The police will investigate the story, because the woman that Nathan says he met accepted it face value.
